

Become a Buglife volunteer

Buglife are looking for enthusiastic volunteers to help deliver the exciting ‘Thurrock Stepping Stones’ project at the Essex Wildlife Trust’s Thurrock Thameside Nature Park and Chafford Gorges Nature Park. Thurrock Stepping Stones will help to create and manage habitat for some of the country’s rarest bugs– from bees to spiders, and beetles to moths!

Are you keen to learn new skills and learn about Thurrock’s amazing wildlife? We’re looking for volunteers to join us for work parties, events, workshops or just to have fun.

Contact: Jamie Robins, Conservation Officer on 01733 201210 or jamie.robins@buglife.org.uk
