

Buglife

## Can you help?

Community Appeal revolves around local communities, we help businesses to become more environmentally responsible while contributing much needed funds to local hospices and charities.

You can help by recycling your office's empty printer cartridges or by taking part in our mobile phone buy-back programme.

Not only does recycling empty printer cartridges and trading in old mobile phones have a positive impact on the environment but it also helps charities and local communities.

### Printer Cartridge Recycling

Through our dedicated team of Collectors we can supply collection boxes for your empty laser toner cartridges, inkjet cartridges and fuser units. When it is full we pick it up again and the proceeds are donated directly to the charity.

**Telephone: 01635 876900**  
**Email: [info@ceseurope.com](mailto:info@ceseurope.com)**

### Mobile Phone Buy-Back

This programme is ideal for when you are upgrading your company's mobile phones. We pay competitive prices for your old phones and we also make a donation to the charity of at least £2.50 per device. We also offer a secure data wiping service.

**Telephone: 01372 746204**  
**Email: [quotedesk@communityappeal.com](mailto:quotedesk@communityappeal.com)**

Please do get in touch if you think you can help, either by recycling your empty printer cartridges or by contacting the Mobile Phone Buy-Back Programme for a quote.

**Buglife is the leading organisation in Europe devoted to the conservation of all invertebrates. We are actively working to encourage the general public and our partners to value Britain's rarest and most diverse creatures, everything from bees to beetles and jumping spiders to jellyfish.**

Buglife's vision is a wildlife-rich planet where species, including invertebrates, thrive alongside people.

**With your help we know we can really make a difference.**
